APPEAL IS MADE FOR THE RED CROSS

March 31 brings to a close the annual Red Cross Fund Campaign, according to William A. Hunter, the county chairman.

The last report on funds collected to date showed only $433.50. The goal for the County Chapter is $2,332.00.

There will be a fund drive for the town and suburbs on Thursday night, March 26, conducted by the Junior Woman's Club. All are urged to give generously, so that the Red Cross may be kept on the job in this county, with its Blood Program, Home Service Program, Water Safety Program, and Disaster Relief at home and throughout the nation.

If for some reason anyone in the county has not been asked for a contribution by a solicitor, please send your contribution to Mrs. Jean M. LeGrand, Fund Treasurer, at The Bank of Appomattox.

PAMPLIN FACTORY WAS 100 PER CENT

The Pamplin Dress Factory has given 100% support to the current Red Cross Drive. Mrs. Ruby Clark, manager, has reported that 100% of the employees contributed to the drive.

Support Rate Is Announced

The united States Department of Agriculture has announced the minimum 1959 national average price support rate of wheat at $1.81 per bushel, U .S .Grade No. 1 . This compares to the minimum national average support rate in 1958 of $1.82 per bushel.

County rates in Virginia, which range fro m$1.98 per bushel to $2.01 per bushel, are subject to upward adjustment resulting from parity relationship at the beginning of the 1959 marketing year of July 1.

Local Rate

Mr. W. D. Hix, III, chairman of the Appomattox County ASC Committee, advised that the support rate for this county is $2.01 per bushel. Discounts will be applied to this rate for lower grades and/or undesirable varieties. A discount of 20 cents per bushel is to be applied to any of the undesirable varieties of wheat to be placed under loan or purchase agreement.

To be eligible for wheat price support in 1958, a producer must be in compliance with his 1959 wheat acreage allotment and be eligible to receive a wheat marketing card on all other farms in the county in which he has an interest.

Jutson Morris Honored

Jutson J. Morris, of Grinels Motor Company, Appomattox, is one of nearly 140 top Ford salesmen, representing dealerships in Virginia and eastern North Carolina, who will be honored by Ford Division at a dinner party at the John Marshall Hotel, Richmond, Va., on Saturday, March 28.

Guests are members of the Ford 300-500 Club and their wives. The organization is made up of salesmen who achieved the best sales records for Ford cars and trucks during 1958.

Ronald L. Phillips, Ford Division's Richmond district sales manager, will be host.

CANCER CRUSADE

At least two million volunteeers across the nation will participate in the American Cancer Society's Annual Crusade, to be launched April 1.

President Eisenhower has proclaimed April Cancer Control Month.

A large number of men and women have already enrolled as volunteers in Appomattox, Mrs. George Abbitt said. She added they will bring the Crusade's new slogan, "Guard your family — Fight cancer with a checkup and a check," into virtually every home, together with a life-saving message designed to protect families against the disease.

Many types of cancer can now be detected in the early stages. It is then that the disease is most curable. There are 800,000 living Americans who have been cured of cancer, spectacular proof that the disease is no longer fatal if diagnosed and treated in time. Health checkups save lives by detecting cancerous or pre-cancerous conditions early.

The 1959 Cancer Crusade, in the 49 states, the District of Columbia and Hawaii, will provide the funds for the Society's nation-wide program of research.

Some cancer victims died through ignorance, or delay, or neglect. That is why the health checkup is important. There is no better way to "guard your family."

CHIEF FIRE WARDEN URGES FIRE CAUTION

The Chief Fire Warden of Appomattox County urges caution by the public in the matter of fires. He states this is a bad year for fires, and he asks that all observe the burning laws. Be especially cautious against the use of matches by children.

The Chief Fire Warden thanks the A. H. S. Keep Virginia Green unit, volunteer fire department, the local wardens and others who gave a big hand in extinguishing fires.

Play safe — drive carefully.

NOTICE FROM COUNTY LIBRARY

The Appomattox County Library will be closed Easter Monday.

"Caulk" is commonly pronounced "cork." The word caulk means to pack a seam in the planking of a ship.

Snore Cure?

Genoa, Italy.- Dr. Boris Vassileff has invented a device to stop snoring by forcing the noise to annoy the snorer.

You snore, says the doctor, when you sleep on your back or in some position in which the back of the tongue sags a bit into the throat. The tongue flutters when the breathing gets heavy, and that is what causes all the noise.

Dr. Vassileff calls his anti-snorer a "petiocfon." Like a hearing aid, it amplifies the noise of the snore close to the ear of the snorer. The doctor thinks the wearer will roll over into some position where the racket will stop.
